

ORANGEHRM

THE WORLD'S FIRST
HR App Store

Let OrangeHRM's recruitment module handle your organization's recruitment process, from advertising to decision making.

- Manage the job vacancy-requisition-hire all in one place.
- Applicant Tracking system (ATS) integrated with Recruiting so your passed over resumes can be stored, sorted and searched for future job vacancies thus:
 - Reducing cost to hire
 - Reducing time to hire
 - Increasing top line revenue
 - Reducing overtime and employee job fatigue

Advanced Recruitment

The archived resumes will be stored in a separate structured folder and will not be displayed in the list of candidates.
